

Fire Fighting

# FIRE EXTINGUISHING GROUPS

# CTD GROUP

CTD Group has been moving forward for more than 30 years with the same requirement: to learn, master and perfect its experiences, skills and the quality of its products. The group has become a key player in the maintenance of green spaces through garden cultivation, spraying, watering and dosing. It is also recognized in the world of firefighting for its dosing, transfer and high pressure equipment. Fostering innovation and long-term vision, CTD Group is diversifying its activities and expanding its geographic reach from France to the international stage. CTD Group manages the activities of the companies CTD and YVMO. The head office is based in Guéreins, north of Lyons, FRANCE.

## COMPANY STRENGTHS

### CUSTOMER RELATIONSHIP

5 sales managers  
Supplying more than 60 countries  
Demonstration and training on site  
Tailor-made quotations

### R&D

Customised design  
5% of the turnover in R&D  
3D SolidWorks software  
Technical documentation customised

ISO  
9001

### QUALITY

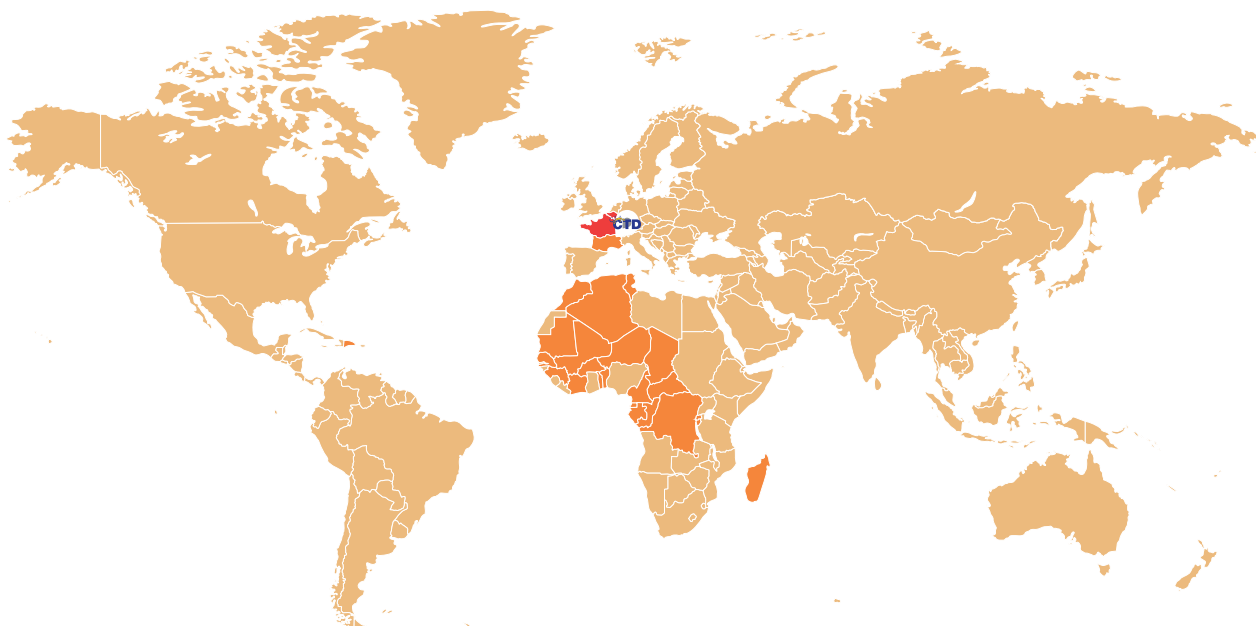

ISO 9001 2015  
Performance monitoring indicators  
Testing station  
UTAC approval

### AFTER SALES SERVICE

SUV

	BP 250E	BP 250D	BP 300E
Type of pump	Centrifugal		
Pump flow	250 lpm	250 lpm	300 lpm
Pressure	6 bar	6 bar	8 bar
Power	Thermal Petrol	Thermal Diesel	Thermal Petrol
Hose length	40m diam 1"		
Nozzle	Variable spray and flow		
Public rate	From 11 680 €	From 18 840 €	From 14 190 €
Performance			

### REEL

Manual hose reel powered by the pump and equipped with 40 meters of semi-rigid Ø 1" hose crimped with GFR fittings.

### WATER TANK

Custom-made 12 mm HDPE tank adapted to the shape of the vehicle, equipped with an anti-balan Ball Baffle system, a vent, a visual tank level and a DSP40 filling

### MOTOR PUMP

Centrifugal aluminum motor pump connected to the tank or to external suction comprising 1 DSP40 outlet, 2 DN25 outlets and equipped with a pressure gauge.

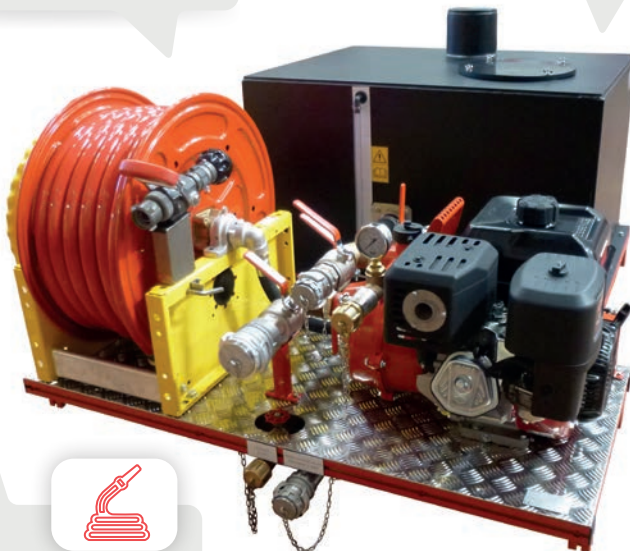

### NOZZLE

Nozzle cast in aluminum alloy, «cut teeth» diffusion head with variable flow and jet, opening by operating handle. 4 flow positions: 40/75/100/150 lpm at 6 bar

### FRAME

Custom-made aluminum profile frame with extension for loading by forklift truck and equipped with attachment points for Pickup skips.

## FEATURES

Small  
4WD  
SUV

	HP 50E	HP 50D
Type of pump	Piston Diaphragms	Piston Diaphragms
Pump flow	50 lpm	50 lpm
Pressure	40 bar	40 bar
Power	Thermal Petrol	Thermal Diesel
Hose length	40m diam 1/2"	40m diam 1/2"
Nozzle	Full stream or spraying jet submachine gun	Full stream or spraying jet submachine gun
Public rate	From 8 415 €	From 11 415 €

### REEL

Hand-wound hose reel powered by the pump and equipped with 40 meters of flexible Ø 1/2" crimped hose.

### WATER TANK

Custom-made 12 mm HDPE tank adapted to the shape of the vehicle, equipped with an anti-balan Ball Baffle system, a vent, a visual tank level and a DSP40 filling.

### MOTOR PUMP

Piston / diaphragm motor pump connected to the tank including 2 u. 1/2" outlets and equipped with a pressure gauge

### NOZZLE

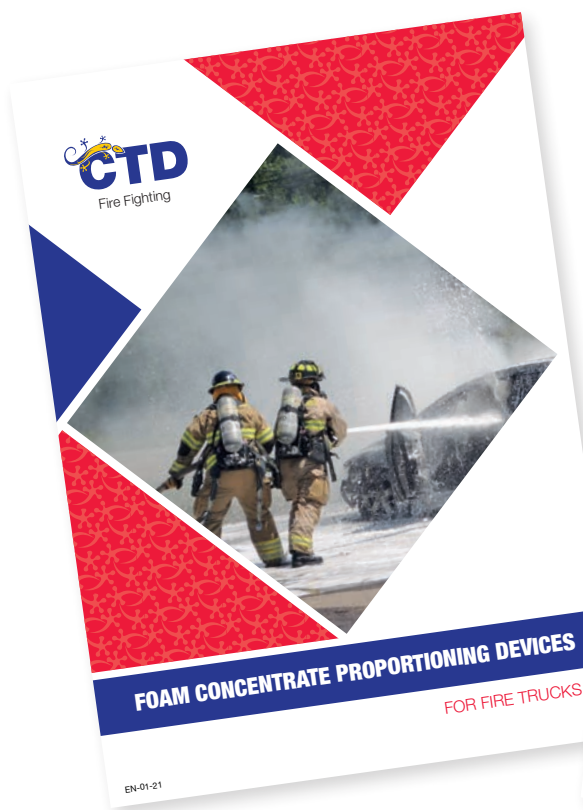

Submachine gun type nozzle allowing a full stream or a spraying jet by means of an ergonomic handle.

### FRAME

Custom-made aluminum profile frame with extension for loading by forklift truck and equipped with attachment points for Pickup skips.
